SUMMARY

Hi, I'm Himal Hasan. I was born on January 1st and am a proud Muslim. I completed my high school in 2021 with a GPA of 4.5, showcasing my commitment to academics and perseverance. Since then, I've developed a strong passion for coding, and I've been actively learning web and app development.

I've been focused on mastering Next.js and React.js since 2022, with hands-on experience in building projects on both the frontend and backend. I enjoy tackling challenging problems, and I can dedicate days to solving complex issues, leveraging my skills and determination to find solutions. I'm also a fast learner, constantly pushing myself to learn new programming languages and frameworks.

My interests extend beyond coding; I love exploring innovative technologies, experimenting with new tools, and continuously refining my abilities. I strive to create web applications that offer exceptional user experiences while maintaining high standards of code quality and performance.

As a developer, I'm driven by curiosity and the desire to grow. I'm eager to take on new challenges and contribute to projects that allow me to expand my knowledge and make a meaningful impact in the field of software development.

EDUCATION

Computer Engineering

kishoreganj polytechnic institute · 📅 2021 - Present · 📍 Kishoreganj
